Other recommendations to be used across multiple classes:

- Student planner - it should have ample daily/weekly writing space in the monthly calendar sections.
- Pencil pouch/container (something easy to transport outside of backpack)
- Pencils (wooden or mechanical)
- Black and/or blue pens
- Markers (broad or fine tip), colored pencils, or gel pens
- Highlighters (3 different colors)
- Erasers (pencil top and/or handheld)
- Extra Loose-leaf paper for binders or as scrap paper (wide or college-ruled)
- Glue stick and/or glue dots
- Small pair of scissors
- Tape in a dispenser (such as Scotch tape found in a plastic dispenser)

Notes:

- Supplies are not needed until the first full week of school (Aug. 12).
- All students are responsible for their own supplies. Student supplies can be organized as they find most helpful to them for each class.
- When choosing supplies, please remember that the lockers are small, and it will be difficult to fit one binder for each class. Choosing a few notebooks instead of binders is recommended.
- If a student chooses binders for most classes, subjects taught by the same teacher and/or related subjects (i.e. math/science) may be combined in 2"- 4" binders with clear division & organization between subjects.
- If students choose binders, they can be any type (hard, soft, zipped, Velcro, etc.)
- Backpacks are recommended but will be stored in lockers. Rolling backpacks are not permitted.
- Students may decorate their lockers minimally. Locker shelves are highly recommended. Locks for lockers are not permitted.
- At the beginning of school, teachers will distribute a class syllabus. This will list any reading materials that need to be purchased (if not already listed above).
