Notes:

- Supplies are not needed until the first full week of school (Aug. 12).
- All students are responsible for their own supplies. Student supplies can be organized as they find most helpful to them for each class.
- If students choose binders for most classes, subjects taught by the same teacher and/or related subjects (i.e. math/science) may be combined in 2”- 4” binders with clear division & organization between subjects.
- If students choose binders, they can be any type (hard, soft, zipped, Velcro, etc.)
- Backpacks are recommended but must be stored in the locker. Rolling backpacks are not permitted.
- Students may decorate their lockers minimally. Locker shelves are highly recommended. Locks for lockers are not permitted.
- At the beginning of school, teachers will distribute a class syllabus. This will list any reading material that need to be purchased (if not already listed above).
